## THE FACES OF MARITAL & FAMILY LAW

From L to R: Kristin Coffey, Caryn Green, Jennifer Lawson, Susan Savard ■ *Green Family Law*

Green Family Law P.A. was founded by Florida Bar Board Certified Marital and Family Law Specialist, Caryn Green, to bring peace of mind to families during times of uncertainty and unrest. Being another of two, her goal as a family lawyer is to minimize the effect of family disputes on the parties and, most importantly, the children. During this extremely stressful time in the lives of the parties and children, Caryn offers emotional support and guidance to her clients, based on the client's individual goals.

Caryn and her team, comprised of Florida Bar Board Certified Marital and Family Law Specialist, Susan Savard, and Attorneys, Kristin Coffey and Jennifer Lawson, have over 55 years combined experience facilitating the complex issues involved in marital and family law by using a personalized approach that fits the needs of the individual client.

Green Family Law attorneys work diligently to utilize dispute resolution methods designed to avoid expensive litigation, whenever possible, to preserve relationships and provide a sense of renewal. However, when amicable methods are unsuccessful, Green Family

Law attorneys are determined trial lawyers who relentlessly advocate to protect clients' rights.

All four attorneys devote a portion of their private time to bettering the community: Caryn is a founding member of Orlando's Juvenile Diabetes Research Foundation local gala, raising millions of dollars. Susan has served on the faculty for the Family Law Trial Advocacy Workshop. Kristin enjoys her role as a lobbyist and advocacy coordinator for International Justice Mission, an NGO committed to eradicating global human trafficking, and Jennifer is a board member and VP of Communications for the Central Florida Gator Club.

Both Caryn and Susan are recognized by "Best Lawyers" featured in Orlando magazine as well as National Advocates' "Top 30 Lawyers in Matrimonial and Family Law." Caryn has been designated as one of Florida Super Lawyers' "Top 50 Women" and featured as honoree of Florida Trend's "Legal Elite" list for over 10 years. Jennifer has been nominated as Best Lawyers "Ones to Watch" for 2021. Green Family Law has been on the Best Lawyers/Best Law Firms list in U.S. News & World Report since the firm's inception.
